

SAM Storyboard				
Course name:		Module or lesson name:		Date:
Evaluate Pre-launch <i>What is the market need for this course/module? Who are my potential students? What are their needs, challenges, motivations? How will my course/module address those needs, challenges, motivations?</i> Post-launch <i>Is there anything about this course's/module's outline or delivery that could be improved? Did my students benefit from this training? Did I effectively cover the subject matter?</i>			Design <i>Define what information should go into this course/module. Decide on the sequencing. Collect visual resources for your presentation. Prepare activities for your students (quizzes, scenarios, etc.)</i>	
		Develop <i>Film your video lecture. Put together your presentation. Write down a script. Upload your content.</i>
